

My impression of Bledlow pre-school...  
The team is very welcoming and friendly, the children all seem to be very settled, the activities they do are perfect for the little ones and they enjoy it so much. Outside there is a large garden for them to play, plenty of toys from sand pits to ride on tractors etc. I took my time looking for pre-schools and so glad to come across Bledlow, by far the best. I have, and will recommend it to anyone.

My son looks forward to going to preschool. His teachers greet him with warmth and enthusiasm every morning and take great pride in his progress. He has made fantastic friends too. What a great preschool!

My daughter Sienna recently joined the pre-school and she settled in straight away, I feel so comfortable leaving her there with the ladies and she has a lovely time in the environment they create for her. She looks forward to going and I couldn't be happier with our choice to send her to Bledlow preschool

My daughter has attended Bledlow Preschool for over two years and loves it. The preschool provides her with a safe and secure environment to learn and play. Staff are so attentive and keep me updated with verbal feedback on how she gets on each session. With my daughter due to start school later this year I am confident that preschool has prepared her for this next step. We have seen such progress in her literacy and numeracy skills. The outside space is like no other early years setting in the area. As parents we have been really impressed with the provision provided, and recommend Bledlow Preschool to any prospective parent.

## What our parents say about us!

My Grandchildren loved Bledlow Preschool. The setting is really spacious and the staff are excellent. Highly recommended.

"Our son is having a fantastic time with Jenny and the team. He loves going to preschool and has grown so much since attending. The staff do an amazing job keeping the children safe and entertained, exploring lots of topics."
